

FORTTRAN_NAME

main

MMG3D_loadGenericMesh

```
graph LR; A[FORTTRAN_NAME] --> C[MMG3D_loadGenericMesh]; B[main] --> C;
```

The diagram illustrates a flow or dependency. On the left, there are two rectangular boxes: the top one is labeled 'FORTTRAN_NAME' and the bottom one is labeled 'main'. Both boxes have a thin black border. Two blue arrows originate from the right side of these boxes and point towards a single, larger rectangular box on the right. This box is labeled 'MMG3D_loadGenericMesh' and has a gray fill with a thin black border. The arrows indicate that both 'FORTTRAN_NAME' and 'main' are inputs or dependencies for the 'MMG3D_loadGenericMesh' process.
