

FORTTRAN\_NAME

main

MMG2D\_Set\_ithSols\_inSols  
AtVertices

```
graph LR; A[FORTTRAN_NAME] --> C[MMG2D_Set_ithSols_inSols AtVertices]; B[main] --> C;
```

The diagram illustrates a flow or relationship between three components. On the left, there are two separate boxes: the top one is labeled 'FORTTRAN\_NAME' and the bottom one is labeled 'main'. Both of these boxes have arrows pointing towards a single, larger box on the right. This larger box is labeled 'MMG2D\_Set\_ithSols\_inSols AtVertices' and is shaded gray, while the other two boxes are white with black borders. The arrows are blue and indicate a directional flow from the left-hand components to the right-hand component.
